Home Page

- On your home page there is an Alerts Menu (A), Help box (B), the Interactive Calendar (C), and the absence management Side Navigation (D). (See screenshot below)

- The Alerts Menu may contain important notes from your School District, Kelly Educational Staffing office or KAST Center.

- The Help Box contains information on who to contact for scheduling needs.

- The Interactive Calendar will display the days your school is closed. If the calendar requires updates, please contact your District Administrator or KAST Center. Scroll to another month by clicking on the right/left arrows in the upper corners of the calendar.

The Side Navigation shows the functions available to you, which are listed on the left side of the home page (e.g., Create Absence, Daily Report).
B: Entering an Absence

As an administrator, you can enter absences for your employees. To enter an absence, you will need the employee’s name, the absence start and end dates, the reason for the absence, and the absence start and end times. The default start and end times were collected during your school district's KES implementation.

**Step 1:** Click [Create Absence](#) function under the [Quick Actions](#) box on the home page. Or click on the [Absence](#) side navigation tab and go to [Create Absence](#).

**Step 2:** Select the first letter of your employee’s last name, or enter the first few letters of the last name in the space provided.

**Step 3:** Select an employee by clicking the employee’s name. Then click on [Fill Out Details](#).

**Step 4:** Enter the absence information in the [Create Absence](#) screen as follows:
- **Length of Absence** – Click the calendar icon to select the start and end dates. To create an absence for multiple days, you can click your mouse over the first day and drag your mouse to the final day of the absence. If the absence is longer than five consecutive days, please contact your Kelly Educational Staffing office or KAST Center directly to record the absence. By default, the system will display the next available absence date.
- **School** – if you have district access to the system, select a school or all schools
- **Absence Reason** – Select the absence reason from the drop-down list.
- **Absence Type** – Select the type of absence (Full Day, Half Day AM, Half Day PM, Custom).
- **Start Time** – To customize, select the employee’s absence start time.
- **End Time** – To customize, select the employee’s absence end time.

**Step 5:** You can add notes for the substitute such as the location of the lesson plan or specific classroom instructions. The notes can be read by anyone (e.g., substitutes, employees, and your Kelly Educational Staffing office) who views the absence. *In cases where permissions allow, you will be able to also see the Admin-Only Notes box as well as the Notes to Administrator box.

**Step 6:** *(Optional)* To attach a document to the absence, click the **Choose a File** button and select the document you wish to upload.
Note: Documents attached to an absence can be in doc, docx, pdf, xls, or xlsx format and no larger than 600KB. An absence can have more than one attachment linked to it. An attachment will be deleted from an absence after 10 days of the assignment completion.

Step 7: Click Review & Confirm when all required absence information is provided.

Step 8: If all information is correct, you can click on Create Absence or Create Absence and Assign Sub (see additional notes below regarding the Assign Sub option).

Once saved, the system will assign a unique confirmation number to the absence. You may want to record this number to review absence history details (e.g., current status, time the absence was created, the substitute’s name if the absence is filled or closed) at a later date. The confirmation number can also be retrieved from the Daily Report or Absentee Report. If a substitute is needed, the system will begin finding a substitute for the absence.

Assigning Prearranged Substitutes (if applicable)

Note: Only assign a substitute to an absence if you have already spoken with the substitute and arranged for the coverage. When a substitute is manually assigned, they are not notified by the system, so it is imperative they are directly contacted.
**B: Entering an Absence (continued)**

**Step 1:** Click Create Absence and Assign Sub.

**Step 2:** Type the first letter of the substitute’s last name in the Search for Substitute box or scroll down to see available and qualified substitutes.

**Step 3:** Locate the substitute’s name you wish to assign. Click Assign.

**Step 4:** The system will ask you to confirm that you have already communicated the position with the substitute you are about to assign. Click Assign again if you have confirmed with the substitute.

The system will save the absence and give you a confirmation number. The confirmation number ensures that you completed the process correctly and can later be used to retrieve the absence details.

**C: Modifying an Absence**

You will be able to edit select items on all future and past absences that do not have any associated timesheet data saved or approved. The items that can be edited are (if applicable): notes fields, absence reason, school, sub required (if employee is set to optional), accounting codes, and editing approved absences. You will also be able to cancel future and current day absences. Any modifications to orders with timesheet data or cancellations of past absences will need to go through KAST.

**Step 1:** Click on the Quick Actions box on the home page and input the confirmation # to bring up a specific absence.

OR

On the home page screen, the absences for the current date will display in four sections: Total, Unfilled, Filled, and No Sub Required. (By clicking on Total, it will bring them all up in a list format.) Absences currently on hold, in which a substitute is being considered, will display in the Unfilled section.

You can select another date, school (if applicable), enter a confirmation number or filter by employee type.

**Step 2:** Click the confirmation number link to view details of specific absences. (For additional information on how to use this screen, please refer to the Monitoring Absences section at the end of this guide.)

L: Approving/Rejecting Timesheets Using KES Web Time

Substitutes submit their time online weekly through the KES Web Time feature in Frontline.

Each school must assign a KES Web Time Timesheet Approver to approve substitute timesheets each week. A backup administrator should also be identified to approve timesheets in the event of the first administrator’s absence.

If saved timesheets are not approved by Tuesday at 11:59 P.M. for the prior workweek, all submitted timesheets will be automatically approved and sent to the payroll processing center.

How to Approve or Reject Timesheets

Step 1: The assigned approver will receive an e-mail with a subject line of “ACTION REQUIRED for timesheet approval” twice for saved time for the prior work week; Monday and Tuesday morning at 12:01 AM. Each e-mail has a link to a list of timesheets requiring approval. Click this link to go to the Time Sheets Approval Page.

- The page will display “All Periods” by default. You can view a specific week (up to four weeks in the past) by selecting it from the second drop-down menu.
- The page will display “All Substitutes” by default. You can view timesheets for a specific Substitute by selecting their name from the first drop-down menu.

Step 2: On the Time Sheets Approval Page, select the check box that corresponds with the substitute’s name and click Approve Selected or Reject to approve or reject that timesheet without reviewing it.

- You can select all employee time sheets at once by clicking the check box located on the top right corner of the time sheet.
- You can only multi-approve, rejections must be done individually.

Step 3: To review the time sheet’s details, click the date range in the Dates column for that Substitute. The Approve Time Sheets page will display.

Step 4: Verify that the name of the employee reflects the correct name that the substitute replaced.

Step 5: Review the timesheet details on the Approve Time Sheets page to verify that the hours, the substitute’s name, and the dates are correct.

Step 6: To approve or reject the timesheet, click Approve Time Sheets or Reject as appropriate.
Step 7: If you reject a timesheet, use the **Comments** field to enter any notes regarding the rejection and select the appropriate reason in the **Reject Reason** drop-down menu.

- This information is immediately sent to the substitute via e-mail or telephone. The substitute can revise their timesheets and resubmit for approval.

**Step 8:** The **Approve Time Sheets** page will reflect any timesheets you approve or reject. Rejected timesheets will display under the **Rejected Time Sheets** section and remain there until the Substitute resubmits their timesheet for approval.
**M: Managing Time Approvers Using KES Web Time**

You can change the time approvers in your school. Each school must assign one approver that will be responsible for approving timesheets each week, or an alternate approver who will handle timesheet approvals in the event of the primary time approver’s absence.

**Step 1:** Click on the WebTime link on the side navigation bar, then click on the Manage Approvers.

**Step 2:** First Click on the edit button and enter the e-mail address and name for the Primary Approver.

**Step 3:** Click +Add Approver and enter the e-mail address and the name of an Alternate Approver (when needed) and the dates during which they will serve as the approver.

**Step 4:** Click the green check mark to save your changes.

**Note:** When an alternate approver is assigned, the primary approver will not receive an approver email until the alternate is removed or their permission expires.
